MR. YONCHAK: Second.

MAJOR LICASTRO: Discussion? All in favor of the motion?

Ayes: 5.

MAJOR LICASTRO: Anyone opposed? Thank you.

There's no General Assembly update. The Mayor's court report for August is as follows:

The Treasurer of State of Ohio, $7,383; the City of Cleveland, $276; the County Treasurer, $915; the Village of Bratenahl, $30,374 and change.

Any questions on that? Thank you.

We'll fill some vacancies on committees.

MAYOR LICASTRO: Thank you. Jessica Fenos is in the room. Jessica is with the

with the last contract, it seemed like the bids,  
2 what made the public seem so attractive was that  
3 the trash cans that they provided, because they  
4 had it before, so that wasn't a line item extent.  
5 And the rest of the contractors that were bidding  
6 had to bid to provide trash cans to the  
7 residents. So that's what made the differential  
8 in the pricing.  
9 So I didn't know since if Bratenahl has  
10 been paying for these trash cans for seven years,  
11 should we own them by now or is there a way to  
12 breakout a line item for the trash cans so you  
13 can really look at the services more apples to  
14 apples and then see the trash cans and maybe  
15 evaluate different scenarios for possibilities  
16 for that.  
17 And I think in the last contract they  
18 also talked about that they would provide a  
19 brochure annually, which they did not do. And I  
20 know there was some comments about getting  
21 credits or whatnot, so I don't know what kind of  
22 penalties there might be when contracts are  
23 issued and all the deliverables are not  
24 delivered.

like somebody’s salary or anything?  
Mr. Matty: Nothing to report out of executive session.  
Ms. Meade: Thank you.  
Mayor Licastro: Okay. So we’ve already discussed all of these. And by the way, Ms. Fenos told me when she attends a meeting, they tend to run long. So if we’re not out of here by 7:00, we’re going to blame you. I must say again Jessica has been great. We’ve spent many hours. We couldn’t do it without you, so thank you so much.  
Ms. Huffman: Mayor?  
Mayor Licastro: Yes, Ms. Huffman. I’m sorry, I got one inquiry about the meetings. Is there any update on the ad hoc committee?  
Mayor Licastro: No. I have a few people that have offered. An email went out last week. I’m waiting for a few more. I have to have the right balance. I know people are adamant about keeping the center. I respect that. I want to get some other people that maybe aren’t as etched in stone. I hope to get it up and running. Right now the levy is a major point of concentration, but hopefully before the end of year, right?  
Ms. Huffman: But you do have some people already committed?  
Mayor Licastro: I’ve not appointed anyone. I’ve had a few offer their names for consideration.  
Mr. Yonchak: I’d like to offer my name.  
Mayor Licastro: Bob, to be consistent, you’re on the rec commission. There are going to be commissioners on there, but glad to have you, just shoot me an email. And anyone else interested that would like to be considered, please send me an email.  
So Ms. Burke-Jones, if you could with speed and alacrity, begin with 1267.  
Ms. Burke-Jones: Introducing Resolution Number 1267, a resolution authorizing the Mayor to accept an American Rescue Plan Act, ARPA, first responder wellness, recruitment, effective September 21, 2022, and declaring an emergency, for suspension.  
Mayor Licastro: Is there a second on suspension?
1 emergency.

MAYOR LICASTRO: Mention it's for first reading.

MS. HOEFLING: I did, yeah.

MAYOR LICASTRO: Thank you very much.

Again, we're going to keep pace with the county. We don't want to get ahead of them.

Ms. Huffman, would you offer 1269 for first reading as well, please.

MS. HUFFMAN: Sure. Resolution Number 1269 for first reading, a resolution authorizing the Mayor to enter into a project award agreement with the County of Cuyahoga, Ohio for the purchase of two new police vehicles and declaring an emergency.

MR. MCDONALD: Second.

MAYOR LICASTRO: It's for first reading.

MR. MCDONALD: I'm sorry.

MAYOR LICASTRO: I must note I have a note here, thank you for that. We did receive bids on resurfacing Bratenahl Road and we declined all of them. They were more than 10 percent over the estimate of 92,000.

MR. BIERUT: Yes.

MAYOR LICASTRO: So we can't legally accept it. The biggest factor was the cost of asphalt. Do you remember what the numbers were?

MR. BIERUT: Traditionally for years it's roughly $200 or $180 a cubic yard. This year it's close to $300 a cubic yard. This came in at $400 a yard.

MAYOR LICASTRO: One of the bidders bid 158,000, which is mystifying, because they know the estimate and they know as a statutory community we can't be more than 10 percent over, so why even bother bidding at 158? We are refocusing on patching. And I know that Dave Maund, our new Service Director, there he is in the back, and Mr. Bierut did mark some areas and Don has put that out for bid.

MR. BIERUT: An informal bid.

MAYOR LICASTRO: An informal bid. It doesn't exceed the $50,000 threshold, but that will be our focus. And hopefully in the Spring gas prices come down, which means oil comes down which means asphalt comes down. We'll visit it in the Spring. We're going to focus on resurfacing. So I'm sorry, I forgot is there any questions on that? Thank you.

Oh, yes, the sidewalk grinding has been underway the last few days. Dave, how is the progress on that?

MR. MAUND: They may have finished up late today. This afternoon they weren't done, but I know just like everybody else, they had a couple guys quit for whatever, so they're a little behind. They said next week.

MAYOR LICASTRO: At the same time Mr. Bierut and Mr. Maund are looking to replace several catch basins and also four or five sidewalk panels. That's a different contractor than the asphalt. We're waiting for the prices on that as well. So when we get those, Ms. Burke-Jones, if you would, we'll have a PI Committee meeting and look at those, because we would like to get those done yet this year.

MS. BURKE-JONES: Right. We'll also be discussing our commissioner and as well our rec commissioner, as well as a Service Director will be looking on walking through the facility and checking out the issues.

MAYOR LICASTRO: They've already done that. A lot of the stuff recommended by others, including Mr. Orel, is not in the budget, are not a real safety concern immediately, but we need to make it. That's a great -- those are great agenda items for your PI.

MS. BURKE-JONES: Exactly.

MAYOR LICASTRO: My apologies. Mr. McDonald, I think we're up to 1270 for the agenda items for your PI.

MS. BURKE-JONES: Right. We'll also be checking out the issues.

MAYOR LICASTRO: Mitigation Plan, for approval.

Number 1270, a resolution approving the adoption of the 2022-2027 Cuyahoga County All-Hazards Mitigation Plan, for approval.

MAYOR LICASTRO: For suspension, sir.

MR. MCDONALD: Excuse me, for suspension.

MAYOR LICASTRO: Is there a second on suspension?

MS. HOEFLING: So move.

MR. YONCHAK: So move.

MS. BURKE-JONES: I'm getting deaf at the same time. Didn't hear the second there. I apologize.

MAYOR LICASTRO: The word Janice and I use most often is what?

Roll call on suspension, please.

Amending Section 149.01 entitled " Holidays" of the administrative code to add Juneteenth as a holiday retroactive to June 19, 2022, and declaring an emergency. | 7 | MS. HUFFMAN: I just want to say I look forward to working with you Chief LoBello and doing so with my co-committee members who are Tracy Hoefling and Tom McDonald. And Diana, we will be certainly taking up for a date when we can set a date so others in the community can come and talk about the things that they want us to address. |

In talking to Mr. Kidder, who has since retired from public, he was adamant most of our stuff is properly managed and recycled. Cleveland was a different matter altogether. I can’t speak for what Cleveland does or why. In order to help the environment, whenever we can recycle, we do, and we intend to do that going forward. |

last meeting. You said you'd look into it.

MAYOR LICASTRO: We've determined at that time it is not a viable option.

MS. GOYANES: Why is that?

MAYOR LICASTRO: It's not a viable option, because it can't be controlled electronically. There's no power out there.

MS. GOYANES: It's a lock.

MAYOR LICASTRO: Can I answer your question?

MS. GOYANES: Go ahead.

MAYOR LICASTRO: Having an officer out there day and night to open and close, we don't have the manpower for that.

MS. GOYANES: Does that mean --

MAYOR LICASTRO: May I continue to answer your question or do you want to just speak and I'll sit here?

MS. GOYANES: I'd like to know is there a manpower there to watch that dog park, because I don't think it's policed, is it?

MAYOR LICASTRO: Ma'am, direct your questions to the Chair.

CHIEF LOBELLO: I'll be happy to address it.

MAYOR LICASTRO: Chief, go ahead.

CHIEF LOBELLO: To answer your question, no, we don't send somebody there 24/7.

CHIEF LOBELLO: But, as they do patrol, they do patrol that as much as they patrol every other part of the Village.

MS. GOYANES: Locking it in the morning and -- unlocking it in the morning and locking it at night, I really don't think it takes that much.

MAYOR LICASTRO: And I appreciate your opinion. Ms. Huffman.

MS. HUFFMAN: I'll make suggestions to the Mayor as to what I think and then the Mayor makes decisions.

MS. GOYANES: And then I have another question. When are the next meetings for the bond issue -- or not the bond issue, levy issue.

You said there would be more public meetings.

MAYOR LICASTRO: I think there's one scheduled on the 5th of October and the 11th of October.

MS. GOYANES: Is hat open to the public?

MAYOR LICASTRO: Of course.

Mr. Kozinski, you had your hand up?

MR. KOZINSKI: Yeah, I just wanted to let everyone know that in our last recreation meeting over a large -- I'm sorry, conversation, a decision was made unanimously that we would like to recommend to Council that the entrance to the dog park be moved. Not so much moved. It gets moved to the south end of the park and just eliminate it at the north end of the park. It would eliminate the park based on -- it would eliminate the parking at the roundabout where it seems we're having trouble with -- not so much emergency services, because thank God we don't need them, but with the trash in the roundabout, which I'm sure, you know, and then through my doing, it appears that it's human nature once they get into the park, they hang out where the entrance is. Therefore, the greater amount of noise is on the north end.

So moving the entrance to the park to the south end would migrate all the people actually 260 feet away from the homes. It would also migrate the cars from the north end where the roundabout is to the south end where there's actually six parking spaces. And for what I've viewed within the last month or so, it doesn't appear that there's more than six cars there at one time.

So it would totally eliminate the roundabout situation, move the people down to the south end, get the cars where they should be or where it's best for them to be and may eliminate a lot of this noise.

MAYOR LICASTRO: We appreciate the recommendation, sir. We will certainly consider it.

MR. KOZINSKI: Thank you.

MAYOR LICASTRO: Anyone else? Ms. Meade?

MS. MEADE: Yes, I would like to make a formal complaint that perhaps BZA could address. It's been brought up for years and has gone unaddressed, and it's concerning the Christopherson property. It's zoned, I believe, for a single-family dwelling. And when I asked for public records, since people are renting out of that, it should be rezoned. And there were no public records provided that it ever got rezoned.

I know Mr. Perez for years has complained and asked about it and it has fallen
1 on deaf ears. So I think it would come up for
2 BZA to actually look at that property. And if it
3 is in violation, then whatever penalties, it
4 should be enforced or applied or whatever, but it
5 needs to be addressed. And then so that was my
6 first issue.
7 And the second issue with the prisoner
8 boarding, in trying to figure out how much money
9 we spend a year, should -- when that happens,
10 should it show up as a line item under pay claims
11 perhaps under Public Safety, because I don't
12 recall seeing line items.
13 MAYOR LICASTRO: It does.
14 MS. MEADE: Does it?
15 MAYOR LICASTRO: Yeah, it does.
16 MS. MEADE: Okay.
17 MAYOR LICASTRO: We don't house a
18 prisoner every month.
19 MS. MEADE: Right, I understand. I just
20 don't recall ever seeing it.
21 MAYOR LICASTRO: It appears.
22 MS. COOKS: There's one now.
23 MAYOR LICASTRO: Yes, it does.
24 MS. MEADE: All right. Thank you.
25 MAYOR LICASTRO: Your first request, we

34
1 will consider that. Thank you. Anyone else?
2 MS. MEADE: Then let me ask, when you
3 say you'll consider it, when residents have
4 concerns and complaints and they bring them
5 forward, if you don't act on it, then what can a
6 resident do?
7 MR. MATTY: If I may, your complaint
8 does not go to BZA. There's no jurisdiction
9 there for that complaint.
10 Nancy, if you would, please, if you
11 could separate out this comment from the record
12 for me. Ms. Meade, I will forward that complaint
13 directly to Building Commissioner Packard to
14 address, but not the BZA.
15 MS. MEADE: Okay. Would it ever go to a
16 public body for review after Mr. Packard?
17 MR. MATTY: It depends on what Mr.
18 Packard does in the interim, but if we follow
19 that route, I certainly will keep you informed of
20 what's happening along the way.
21 MS. MEADE: Thank you.
22 MAYOR LICASTRO: Mr. Yonchak.
23 MR. YONCHAK: Mayor, I've noticed, and I
24 thank you for this for sending out a letter
25 explaining the tax levy. I also notice you've

35
1 done it in the Lamplighter, which I thank you.
2 And I was just wondering if there is any
3 form of mailing that will explain it in a post
4 card like you do or something like that, if
5 there's a plan or --
6 MAYOR LICASTRO: So let me take off my
7 Mayor's hat and put on my hat for the committee
8 for the passage. And that committee has drafted
9 a flyer that will be in the mail in the next week
10 or so. And it will note the public meetings.
11 The Lamplighter was informational. It did not
12 promote the levy. And I'm not going to in this
13 forum, because I can't. If you come to the
14 meeting, you might hear a different song. You
15 might hear people willing to promote it and
16 encourage people to vote for passage, but yes,
17 that committee has met and flyers are in the
18 works.
19 MR. OREL: Will it identify that it's
20 going to be a Village Hall and not just a police
21 station?
22 MAYOR LICASTRO: We mention police
23 station and governmental offices, that's correct.
24 MS. MEADE: Why won't you call it
25 Village Hall, because that's basically what it
